CANVAS REACT PLUS microSD

Creativity and Inspiration in Professional Quality

Kingston's Canvas React Plus microSD card delivers reliable and durable performance for professional creatives shooting brilliant 4K/8K videos and high-resolution photos without having to worry about dropped frames and slow speeds. Designed with the latest UHS-II standards and top-of-the-line U3 and V90 speed classes, the Canvas React Plus microSD cards are compatible with industry-standard professional HD drones and action cameras. Shoot sequential burst-mode shots with recording speeds of up to 165MB/s¹ and capture videos in Ultra-HD cinematic quality. The Canvas React Plus microSD supports A1 Application Performance Class to expedite your workflow with faster application performance on smartphones and tablets. It comes included with Kingston's MobileLite Plus microSD reader with transfer speeds of up to 285MB/s¹ for enhanced post-production workflow and efficiency, as well as a UHS-I SD Adapter² for convenient device compatibility.

- › Ultimate speeds to support HD drones and action cameras
- › Capture 4K/8K Ultra-HD high-speed shots without dropping frames
- › Supports A1 app performance
- › Optimised file transfer with included UHS-II microSD reader
- › Durable

FEATURES / BENEFITS

Ultimate speeds to support professional camera use — With transfer speeds of up to 285MB/s¹ and recording speeds of up to 165MB/s¹, this card is ideal for professional creators.

Card (Reader included)

MLPMR2/64GB

MLPMR2/128GB

MLPMR2/256GB

1. Based on internal testing. Performance will vary based on host device. Full performance requires MobileLite Plus microSD Reader.
2. Provided UHS-I SD Adapter for microSD does not support UHS-II advertised speeds. Please use directly with UHS-II microSD host or reader for optimum performance.
3. Some of the listed capacity on a Flash storage device is used for formatting and other functions and is thus not available for data storage. As such, the actual available capacity for data storage is less than what is listed on the products. For more information, go to Kingston's Flash Memory Guide at kingston.com/flashguide.
